

I DO NOT THINK THAT CELL PHONE ON PLANES IS A GOOD IDEA. AIR TRAVEL, IN CRAMPED QUARTERS, IS DIFFICULT ENOUGH. SOMETIMES, SLEEP IS THE BEST REMEDY. WE DON'T NEED SOMEONE NEXT TO US OR AROUND US RECEIVING CALLS OR MAKING THEM. IT IS AN ANNOYANCE THAT IS NOT NECESSARY.

I FAVOR USING THEM ONCE THE PLANE HAS LANDED BUT NOT WHILE THEY ARE IN THE AIR....

THANKS FOR TAKING OUR RESPONSE -

FRANK HURD
